Questions concerning classroom work, conduct, extracurricular activity, or other student concerns should be handled in the following manner:

1. First, contact the office for an appointment with the appropriate teacher.
2. Second, if after meeting with the teacher, a parent/guardian desires further communication, he/she should make an appointment to meet with the appropriate Lead Teacher.
3. Third, if after the first two steps of communication have been performed and the parent/guardian continues to have questions or concerns he/she may make an appointment with the Principal.
4. Please keep in mind if steps one through three have not been followed families will be directed back to the appropriate level before any further discussion will take place.

Please note that administrators and teachers will not be available for a conference without an appointment.

Consequences for these behaviors will be determined by the administration resulting in either detention or suspension.

6.8 Assertive Discipline Policy

Emmanuel uses two levels of conduct referrals to keep record of and keep parents informed of negative conduct.

6.9 Definition of Disciplinary Terms

DETENTION

- ⊗ Students who are issued a detention slip will be required to remain after school for a maximum of 1 hour. Students who serve detention will serve with the teacher on duty.

SUSPENSION

- ⊗ **In-School Suspension** – Students who are being issued this form of disciplinary action will be given a designated time of isolation from the student body. All work assigned for the time of in-school suspension must be completed. In-school suspension will result in student not being able to participate in any extracurricular activities on that day or night.
- ⊗ **Out of School Suspension** - Students issued this form of disciplinary action will be given a designated time spent away from school and school activities.

6.10 Bullying and Harassment

Taunting, goading, or bullying another student is never acceptable within a Christian community. A person is bullied when he/she is exposed to intentional negative actions on the part of one or more students, and whose ability to participate in or benefit from the school's educational programs or activities is adversely affected. Bullying occurs repeatedly and over time. Victims should report incidents of bullying to a trusted staff member before frustration over these issues results in physical or violent retaliation. Should a parent feel it necessary to document such behavior, a form is available in the school office.

6.11 DEFINITION OF CYBER BULLYING

Cyber Bullying is the use of electronic information and communication devices to willfully and repeatedly harm either a person or persons

through the medium of electronic text, photos, or videos. Examples of this behavior include but are not limited to:

- ⊗ Breaking into an email account and sending vicious or embarrassing materials to others
- ⊗ Engaging someone in electronic communication, tricking that person into revealing sensitive personal information and forwarding that information to others
- ⊗ Posting of a student picture without their permission

Bullying of this nature creates a hostile, disruptive environment on the school campus and is a violation of a student's right to be safe and secure. Cyber Bullying and Harassment will not be tolerated. Actions deliberately threatening, harassing, intimidating an individual or group of individuals, placing an individual in reasonable fear of harm or damaging the individual's property; or disrupting the orderly operation of the school, will not be tolerated.

The online activities and technologies often used by students engaged in Cyber Bullying include but are not limited to social networking sites, chat rooms and discussion groups, instant messaging, text messaging, computers, cell phones and personal digital devices, digital cameras, cell phone cameras, and web cams. As new technologies emerge, they too may be included with the above forms of electronic communication.
